COUNCIL MEETING

28 MARCH 2019

MEDUIM TERM REVENUE AND EXPENDITURE FRAMEWORK (MTREF) FOR THE FINANCIAL PERIODS 2019/2020 – 2020/2021 DRAFT BUDGET REPORT

REPORT FROM THE CHIEF FINANCIAL OFFICER

PURPOSE OF REPORT

The purpose of the report is for the Executive Mayor to table the draft multi-year budget (inclusive of property rates charges and taxes, tariffs and service charges), annexures and proposed amendments to the budget related policies and other policies to Council for approval in terms of Section 16(2) of the Municipal Finance Management Act, (Act 56 of 2003).

BACKGROUND

Section 16 of the MFMA states,

- (1) The Council of a municipality must for each financial year approve an annual budget for the municipality before the start of that financial year.
- (2) In order for a municipality to comply with subsection (1), the mayor of the municipality must table the annual budget at a council meeting at least 90 days before the start of the budget year.

Furthermore, section 17 of the MFMA states:

- (1) An annual budget of a municipality must be schedule in the prescribed format-
 - (a) Setting out realistically anticipated revenue for the budget year from each revenue source;
 - (b) Appropriating expenditure for the budget year under the different votes of the municipality;
 - (c) Setting out indicative revenue source and projected expenditure by vote for the two financial years following the budget year;
 - (d) Setting out-
 - (i) Estimated revenue and expenditure by vote for the current year; and
 - (ii) Actual revenue and expenditure by vote for the financial year preceding the current year.

5

RELEVANT LEGISLATION

Municipal Finance Management Act 56 of 2003

Municipal Budget and Reporting Regulations - April 2005

Chapter 7 of the Constitution Act 108 of 1996

MFMA Budget Circulars

LAST MINUTE NEEDS AND FUTHER INPUTS FROM BUDGET HOLDERS AND PUBLIC WILL BE CONSIDERED DURING REVIEW PERIOD BASED ON AFFORDABLITY.

DRAFT BUDGET REPORT

Please find attached:

- > Budget report compiled by the Chief Financial Officer
- ➤ Proposed Tariff list indicating tariff and tax increases. Electricity tariffs is subject to approval by NERSA. The fire services basic charge will most probably increase the proposed property taxes slightly.
- > List of Service Levels
- > List of Policies to be reviewed

RECOMMENDATION

- That Council take note of the 2019/20 budget in terms of section 17(2) of the Municipal Finance Management Act, Act 56 of 2003, as follows:
 - (a) That the proposed budgeted related policies, be noted as to be reviewed and approved by no later than 31 May 2018;
 - (b) That the annual budget for the financial year 2018/19 and for the indicative outer years 2020/21 and 2021/22 be noted in terms of section 17(2) of the MFMA as set out :
 - Capital expenditure by project as contained in the Annexures to the agenda;
 - ii. Capital funding by source as contained in the Annexures to the agenda;
 - iii. Operating revenue by source as contained in the report;
 - iv. Operating expenditure by type as contained in the report,
 - (c) That the property rates as reflected in the report be imposed for the budget year 2019/20;

- (d) That the tariffs and services charges as reflected in the formal tariff list be noted for approval for the budget year 2019/20 before 31 May 2019;
- (e) That the capital funding, both internal and external funding, be secured prior to the commencement of any new capital project;
- (f) That the draft annual budget documentation for 2019/20 2020/21 as outlined in the budget regulations be submitted to National and Provincial Treasury.
- That cognisance be taken that NO provision be made to purchase capital item or implement capital projects from own revenue due to current financial position of the municipality.
- 3. That Council takes note of the on-going challenges with the vendor of the financial system.

GLOSSARY

Adjustments budget - Prescribed in section 28 of the MFMA - the formal means by which a municipality may revise its annual budget during the year.

Allocations – Money received from provincial or national government or other municipalities.

Budget - The financial plan of municipality.

Budget-related policy – Policy of a municipality affecting or affected by the budget, such as the tariffs policy, rates policy and credit control and debts collection policy.

Capital expenditure – Spending on assets such as land, buildings and machinery. Any capital expenditure must be reflected as an asset on the municipality's statement of financial position (balance sheet).

Cash flow statement – A statement showing when actual cash will be received and spent by the municipality. Cash payments do not always coincide with the timing of budgeted expenditure. For example, when an invoice is received by the municipality it scores as expenditure in the month it is received, even though it may not be paid in the same period.

DORA – Division of Revenue Act. Annual piece of legislation that shows the amount of allocations form national to local government.

Equitable share – A general grant paid to municipalities. It is predominantly targeted to help with free basic services.

Fruitless and wasteful expenditure – Expenditure that was made in vain and would have been avoided had reasonable care been exercised.

GFS – Government finance statistics. An internationally recognised classification system that facilitates like for like comparison between municipalities.

GRAP – Generally Recognised Accounting Practice. The new standard for municipal accounting.

IDP - Integrated development plan. The main strategic planning document of the Municipality.

KPIs - Key performance indicators. Measures of services output and/or outcome.

MFMA – The Municipal Finance Management Act, 2003 – Act No. 56 of 2003. The principle piece of legislation relating to municipal financial management.

MTREF – Medium-term revenue and expenditure framework. A medium-term financial plan, usually three years, based on a fixed first year and indicative further two years budget allocations. Also includes details of the previous and currents years' financial position.

Rates – Local government taxation based on an assessed value of a property. To determine the rates payable, the assessed rateable value is multiplied by the rate in the rand.

SDBIP – Service delivery and budget implementation plan. A detailed plan comprising quarterly performance targets and monthly budget estimates.

Strategic Objectives – The main priorities of the municipality as set out in the IDP. Budgeted spending must contribute towards the achievement of the strategic objectives.

Unauthorised expenditure - Generally, spending without, or in excess of, an approved budget.

Virement - A transfer of budget

Virement policy – The policy that sets out the rules for the budget transfers. Virements are normally allowed within a vote. Transfers between votes must be agreed by council through an adjustments budget.

Vote – One of the main segments into which a budget is divided, usually directorate/department level.

1. PART 1 - ANNUAL BUDGET

1.1 MAYORAL SPEECH

The mayoral budget speech will be made available on the day of approval of the budget.

1.2 COUNCIL RESOLUTIONS TO BE TAKEN.

The council of Kannaland Municipality at a meeting that will take place on 26 April 2019 will take note of the final annual budget for 2019/20 – 2021/22.

The following recommendations are contained in the agenda of the special council meeting scheduled 26 March 2019 to table the above draft budget for public comment:

RECOMMENDATIONS

That council take note of the draft budget for 2019/20 budget in terms of section 17(2) of the Municipal Finance Management Act, (Act 56 of 2003), as well as section 24 of the Municipal Finance Management Act, (Act 56 of 2003) as follows:

However the municipality envisage to make hard copies or electronic copies available at public places and on the municipal website to enable the public and users of policies to submit their comments before approval of final budget and related documentation.

- (a) that the following policies been reviewed and approved by no later than 30 May 2019:
 - 1. Customer care, credit control and debt collection
 - 2. Property rates
 - 3. Tariff
 - 4. Unauthorised, irregular and fruitless and wasteful expenditure
 - 5. Indigent
 - 6. Virement Policy
 - 7. Cash management and investment
 - 8. Supply chain management
 - 9. PPPFA
 - 10. Asset management
 - 11. Funding borrowing and reserve
 - 12. Long-term financial plan
 - 13. Liquidity policy
 - 14. Budget implementation and monitoring policy
 - 15. Bad debt write-off
 - 16. Fleet management
 - 17. Grants-in-aid
 - 18. Travel and subsistence
 - 19. Risk management

Municipality Kannal and Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 Tel: 028 - 551 1023

- 20. Capital contributions for new developments
- 21. Water losses policy
- 22. Electricity losses policy
- 23. Public participation policy
- (b) that the annual budget for the financial year 2019/20 and indicative outer years 2020/21 and 2021/22 be noted in terms of section 24 of the MFMA as set-out:
 - (i) Capital expenditure by project as contained in annexure "3" to the agenda
 - (ii) Capital funding by source as contained in annexure "3" to the agenda
 - (iii) Operating revenue by source as contained in Table 1 of the report
 - (iv) Operating expenditure by type as contained in Table 2 of the report
- (c) that property rates as reflected in the report be imposed for the budget year 2019/20
- (d) that tariffs and services charges as reflected in the formal tariff list be noted for approval for the budget year 2019/20
- (e) that the capital funding, both internal and external funding, be secured prior to the commencement of any new capital project
- (f) all comments that were received be considered for correction or inclusion in the budget
- (g) that the final budget documentation for 2019/20 2021/2022 as outlined in the budget regulations be submitted to National and Provincial Treasury.

1.3 INCOMPLETE STATUTORY SCHEDULES AS A RESULT OF LACK OF VENDOR SUPPORT.

The reasons for the non-compliance were stated as follows:

- The vendor once again failed to render proper technical and system support to the municipality to produce the required schedules, as per MFMA Circular 91 until it was too late remedy the situation. We trust that the municipality will get the necessary support from the vendor to rectify deviations and those S-Forms that do not reconciling with A and B Schedules as required before the final approval of the budget for 2019/20 -2021/2022.
- The municipality does not host its own web-based accounting system and was accordingly completely dependent on the vendor to produce Municipality Kannaland Multisprantired schedules.

P.O. Box 30 Posbus
LADISMITH
6655 7 | Page
1el: 028 = 551 1023

- The similar system problems resulted to the late submission of the Annual Financial Statements for 2017/18. Finalisation of aforementioned financial directly impact on the Adjustment Budget for 2018/19 especially with regard to the Budgeted Balance Sheet and Cash Flow prescribed annexures.
- The Manager of the Financial Recovery Plan has correctly summarised and defined the "Problem Statement" in his updated report during the first quarter of 2019:
 - UPDATE / REMEDIAL ACTION: 19 March 2019.
 - 2017/18 Budget was finalised following intervention from Provincial Treasury (PT) and the former Acting CFO.
 - While 2018/19 (Adjustment Budget) was finalise by statutory deadline the municipality could not produce schedule B (from the system as required by National Treasury), due to system errors on SAMRAS (BYTES). The vendor referred to error to its developers for fixing. To date the matter remains unresolved, despite consistent follow-up with vendor.
 - Conclusion: The unresolved system errors on SAMRAS are expected to affect the finalisation of the 2019/20 budget negatively.

The impact of the non-compliance on the remaining legislated process achievement of the with other MFMA timelines were as follows:

- In correct balances on various S-forms as a result of vendor system problems (awaits feedback from vendor's system developers) and
- The fact that the system produced various Trail Balances for the previous financial year hence the reason why the unaudited opening balances could not be captured.

In addition it should be added:

The MSCoA challenges and risks have been well documented within the weekly reporting to the provincial department of local government, the monthly progress reporting on the financial recovery plan, the back-to-basics programme, the Provincial Treasury technical engagement of February 2018 and various other public platforms. These challenges include:

- Disrupted flow of information with the income and expenditure (I&E) and general (GL) not functioning as they should.
- The GL had about 106 000 accounts with some 2 000 duplications.
- The Income & Expenditure duplicate accounts led to multiple misallocations.

Municipality Kannaland Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 Tuli 029 = 551 1023

- Random billing errors occurred.
- Error batches occurred due to parameter-related problems.
- Budget disappeared and changed without notice.
- mSCOA segmentation problems were not resolved in a timely manner.

During the 11 January 2018 provincial government / Bytes stakeholder meeting, Bytes admitted to problems at Kannaland with the mSCOA implementation and responded with the following: "... unfortunately there is no quick fix...".

What has been done, to date, to address the MSCoA challenges and risks?

- Kannaland requested the running of a parallel system with the MSCoA implementation, which was declined by the vendor during July 2017, apparently on advice from National Treasury. At the time, most transactions were done manually with the issuing of handwritten receipts.
- During August 2017, a meeting was held with Bytes and deadlines were set to resolve the MSCoA issues, but unfortunately it did not realise and all progress made was set back with the theft of the server in October 2017, which contained the MSCoA information.
- Despite availing substantial resources during October and November 2017 efforts to recover and reconstitute the MSCoA data yielded little results.
- Towards the end of January 2018, the way forward to resolve the MSCoA implementation challenges and risks was once again discussed with the vendor (Bytes) and timelines were set to resolve adjustment budget issues and to get a system-generated budget.
- The uploading of data, system errors, duplications, segmentation problems and incomplete information delayed progress and it was not possible to table a system-generated schedule A1 at the council meeting of 29 March 2018.
- The municipality also approached another vendor (Mubesko) for help to resolve the MSCoA challenges, but they could not assist.
- Bytes is onsite and to resolve the mentioned problems, which is being monitored by the CFO.
- A further stakeholder meeting was held with Bytes, provincial treasury, mayor and municipal staff on 10 April 2018 to develop a strategy and action plan to achieve the remaining MSCoA milestones.
- During January 2019 another meeting has been called between the municipality and the vendor by the Provincial Treasury but all in vain.

Municipality Kannal and Munisipaliteit P.O. Box 30 Posbus LADISMITH g e

6655 1cl: 028 = 551 inaa

- The staff of the vendor are trying their level best but they are unable to sort out the technical problems of the system without the help of their system developers.
- The municipality also took a delegation and two staff members to the Cape Town Offices of the vendor to receive hands on training to complete the municipality's Adjustment for 2018/19 and thereafter the municipality paid an employee and project managers of the vendor to render the necessary support but various technical systems errors remain unresolved.

Recommendation to council

That council take note of the statutory shortcomings and deviations regarding version 6.2 of various schedules A1 as per MFMA circular 91, relating to contents of the budget and supporting documentation.

1.4 BUDGET 2018/2019 MID-YEAR REVIEW AND ADJUSTMENTS BUDGET

The following table shows the adjustment budget 2018/19 and proposed budget for 2019/20

| | 18/19 | 2019/20 |
|------------------|--------------------|-------------|
| Total Income | - 212 270 913,00 - | 220 976 670 |
| Total Oper Exp | 186 767 780,00 | 165 119 865 |
| Capital Expenses | 24 569 200,00 | 51 658 450 |

The 2018/19 adjustments budget, which reflects a more realistic estimation of revenue and expenditure, was taken into account in the preparation of the 2019/20 MTREF.

1.5 EXECUTIVE SUMMARY

A budget task team was established for the preparation of the 2019/20 budget. The budget task team was confronted with numerous challenges during the budget process. The following matters will probably impact on the final annual budget:

- a) The continued negative effect of the economic downturn, more so now that our national economic health is in a volatile state
- b) The increasing service delivery shortcomings and the inability of the municipality to properly fund service delivery requirements
- c) The inability of the municipality to establish a capital replacement reserve to provide financial leverage for non-cash items in the budget
- d) Insufficient funding for the rehabilitation and/or replacement of components that have reached the end of their design life
- e) inadequate maintenance budgets, which could be attributed to the municipality's limited income base
- f) Inadequate interdepartmental cooperation with the preparation and implementation of the budget
- g) Failure to implement strategic plans developed for the improvement of the financial health of the municipality
- h) Kannaland's outstanding creditor book due to previous financial challenges which the current budget must provide for
- i) Nersa's directive that bulk purchases will once again increase above the inflation rate for municipalities.

Municipality Kannal and Munisipaliteit
P.O. Box 30 Posbus
144PISMETH
6655

j) The biggest impact on the budget preparation was without a doubt the problematic implementation of MSCoA and related financial system's shortcomings of the vendor.

The 2018/19 adjustments budget in February 2019 again proved that the ability of council to reduce costs is limited due to the fact that the fixed cost component of the operating budget exceeds the variable costs by far. The adjustments budget defined the basis for the final 2019/20 budget, but it should be taken in consideration that a lot of historic financial data had to be used to base assumptions on due to the negative impact of MSCoA and the inability to accurately recognise expenditure when incurred.

The successful of the financial recovery plan, as adopted by council during March 2018, is crucial to ensure the municipality is financially stable and is able to provide services on a sustainable basis. Council approved a revenue enhancement plan that was developed in partnership with Municipal Infrastructure Support Agency (MISA). The implementation of this strategy is a work-in-progress. Safe to add that that

Key budget considerations:

- The municipality must focus on its core functions. During the adjustments budget of 2019 the budget committee and the portfolio councillors in conjunction with the heads of department scrutinised the budget to affect all possible savings.
- The need to maximise income through efficiencies and the way we do business was investigated before we decided to increase our rates, service charges and other tariffs within reasonable levels.
- An initiative as part of the revenue enhancement project was implemented to ensure, among other, that all consumers are billed correctly and are contributing to the municipality's income as set out in our tariff policy.
- A provision of was made for debtor's impairment in the operating budget. The writing off of irrecoverable debt will continue to be scrutinised through the business processes of the internal credit control unit. An internal credit control committee will be established to ensure that proper credit control measures are performed and to recommend the writing off of debt to council. Specific focus was applied to the write-off of indigent consumer debt of prior years. The municipality envisage to put control measures in place to properly control and manage municipal accounts of indigent consumers.
- The municipality was unable in the past to realise a capital replacement reserve (CRR) due to previous financial limitations and restrictions to take action against indigent households who are failing to adhered to the relevant policy and requirements. Council has envisaged to establish the revenue enhancement plan will, however, include the establishment of a CRR to be

Municipality Kannal and Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 Tel: 028 = 551 1023

funded from a vigorous collection process to be applied in respect of prior year's outstanding debt. This process will be phased in over the next five years. The aforementioned will be a very great challenge especially due to overdue creditor's accounts of more than R39 million.

- The capital contributions policy was reviewed to ensure that the municipality receives fair compensation from bulk capacity sold to bulk consumers.
- The municipality adopted a hands-on cash management approach through a planned cash flow management committee. The municipality's updated cash management policy will be in effect as from 1 July 2019.
- No external loans will be sourced to fund capital projects. The capital
 acquisitions for 2019/2020 will be limited to the availability of cash funds
 and secured grant funding.
- The municipality has implemented a process to ensure that all available national and provincial government grants are accessed in order to service part of our capital programme.
- The municipality is currently undertaking an internal land audit with the aim
 to identify properties which could be alienated. The process, however, is at
 the stage that any financial inflows will only be accounted for in the next
 adjustments budget. These funds will be utilised to build the CRR.
- In spite of the abovementioned challenges, the budget task team managed to build the tariffs around the CPI inflation base on the macro economic performance for 2017/2018 to 2019/2020. They have further applied electricity increases line with Eskom tariffs, as well as NERSA and National Treasury guidelines.

MFMA circulars

National Treasury issued MFMA Circular No. 89 and 91 providing guidance to municipalities on their 2019/20 budgets and medium-term revenue and expenditure framework (MTREF). Circular 89 was followed up by Circular no. 91, dated March 2018. Circular Nos. 89 and 91 remind us of the key focus areas for the 2018/19 budget process and that they must be read together with previous MFMA Circular Nos. 48, 51, 54, 55, 58, 59, 66, 67, 70, 72, 74, 75, 79, 80 and 82 to understand the background to this budget.

National Treasury has also set out the requirements for funding the budget and producing a credible budget.

Municipality Kannal and Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 1011828 P 2023

Funding the budget

Section 18(1) of the MFMA states that an annual budget may only be funded from:

- Realistically anticipated revenues to be collected
- Cash-backed accumulated funds from previous years' surpluses not committed for other purposes
- Borrowed funds, but only for the capital budget referred to in section 17

The municipality is committed to achieving the outcomes, as outlined by the above legislation. It is, however, it is not always possible to ensure that budgeted inflows break even with budgeted inflows due to inherent financial and other constraints. Our 2019/2020 proposed budget is an indication that we are closer to achieving this objective.

Under old budget formats, a 'balanced' income-generated approach was a key objective and this assisted in ensuring that outflows were matched by inflows, provided revenue collections were realistic. However, the requirement for GRAP-compliant budgets necessitated that budget 'balancing' be much more comprehensive.

New budgeting and accounting formats demand that the budgeted statement of financial performance (income statement), the budgeted statement of financial position (balance sheet) and the budgeted statement of cash flows must be considered simultaneously to ensure effective financial management and sustainability and to ensure that the budget is funded.

A credible budget

Amongst other things, a credible budget is a budget that adhere to the following principles:

- Items budgeted for should be restricted to key performance indicators identified in the IDP for that specific period. Care should be taken that provision is only made provided sufficient funding is available.
- The budget should be achievable in terms of agreed service delivery and performance targets.
- It contains revenue and expenditure projections that are consistent with current and past performance and supported by documented evidence of future assumptions.
- The financial viability of the municipality should at all times be considered in deciding on the inclusion or exclusion of the budget items (affordability confirmed prior to inclusion).
- Managers are provided with appropriate levels of delegation sufficient to meet their financial management responsibilities.

Municipality Kannaland Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 101: 020 = 861 1022

1.6 BUDGET OVERVIEW OF THE 2019/2020 MTREF

This section provides an overview of the Kannaland Municipality's 2019/20 to 2021/22 MTREF. It includes an assessment of how the budget links with the national and provincial government contexts along with a review of the fiscal position of the municipality.

The municipality's budget must be seen within the context of the policies and financial priorities of national, provincial and local governments. In essence, the spheres of government are partners in meeting the service delivery challenges faced in Kannaland. Kannaland alone cannot meet these challenges. It requires support from the other spheres of government through the direct allocation of resources, as well as the achievement of their own policies.

According to MFMA Circular No. 91, the following headline inflation forecasts underpin the 2019/20 national budget:

| Fiscal year | 2018/19 | 2019/20 | 2020/21 | 2021/22 | |
|--|----------|----------|---------|---------|--|
| The second secon | Estimate | Forecast | | | |
| Headline CPI inflation | 4.7% | 5.2% | 5.4% | 5.4% | |

The growth parameters apply to tariff increases for property rates, user and other charges raised by municipalities and municipal entities, to ensure that all spheres of government support the national macroeconomic policies, unless it can be shown that external factors impact otherwise.

The budget process in Kannaland followed the requirements of the MFMA. A table of key deadlines was tabled in council by the mayor in August 2018. The budget task team was to examine, review and prioritise budget proposals from departments.

For the 2019/20 period, the municipality is planning to spend R51 658 450 on capital projects.

The MFMA requires municipalities to set out measurable performance objectives when tabling their budgets. These "key deliverables" link the financial inputs of the budget to service delivery requirements.

As a further enhancement to this, quarterly service targets and monthly financial targets are contained in the service delivery and budget implementation plan (SDBIP). This must be approved by the mayor within 28 days after the approval of the final budget and forms the basis for the municipalities in year monitoring.

Kannaland budgeted for an operational surplus of R4 198 355. The total expected operational revenue is R220 976 670 and operational expenditure is R165 119 865. Contributed assets funded by conditional national grants in the budget to the amount of R51 658 450

Municipality Kannaland Municipalited

Municipality Kannal and P.O. Box 30 Posbus

LADISMITH¹⁵ | Page
6655
Tol: 028 = 551 1023

Further comments regarding the financial position and financial results will be included in the final report after the systems data strings have been rectified.

In view of the aforementioned, the following table is a consolidated overview of the proposed MTREF:

Table A1 Budget summary

1.8 OPERATING REVENUE FRAMEWORK

The increase in revenue is mainly due to an increase in tariffs that have been in line and capped by the headline (CPI) inflation forecast. It should be noted that even though Kannaland Municipality had tariff increases that exceeded inflation the progress made to achieving a self-sustainable municipality has been offset by the increased inability to collect revenue. The cost of compliance, low productivity, the high cost of rural procurement and the inability to attract scares skills at an affordable cost all contribute to an expense account that cannot be funded by our current revenue base and strategies need to be developed to expand the current revenue base with taking into account the limited water storage capacity at the same time. The drought is having an adverse effect on not only the ability to collect revenue, as a result of the downturn in the economy, but also on the selling of economic services (water and electricity) that are the main contributors to the profit margin of the municipality.

The increase in revenue is mainly due to:

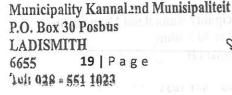

- an increase in tariffs
- · an increase in grant funding
- an increase in equitable share allocation (R25 957 000– 2018/19 to R28 147 000– 2019/20);
- the prevention of water losses due to by-passed and faulty water meters

SERVICE CHARGES AND MISCELLANEOUS TARIFFS:

The following tariff increases are proposed: Please see annexure 2 for detailed tariffs

- Electricity 6.84 % (Awaiting NERSA approval)
- Water 5.2 %
- Rates 5.2%
- Refuse 5.2%
- Sewerage 5.2%
- Other 5.2%

Please refer to annexure 2 for a detailed proposed tariff list.

26

Below is a summary of proposed tariff increases.

TARIFF CHANGES SUGGESTED FOR 2019/20

Rate tariffs

Property rates cover the cost of the provision of general services. Determining the effective property rate tariff is therefore an integral part of the municipality's budgeting process.

An increase of 5.2 % in rates income will be raised for 2019/20.

Property rates in terms of the Local Government: Municipal Property Rates Act, 2004 (Act No. 6 of 2004), will be levied as follows:

Property rates

Property tax on all residential properties described in section 17(1)(h)(ii) of act no. 6 of 2004 are as follows:

• The tariff applied to the total valuation: R0,01388

Property tax on all business / industrial zoned sites is as follows:

• The tariff applied to the total valuation: R0,02533

Property tax on all agriculture and public service infrastructure is as follows:

The tariff applied to the total valuation: R0.00347

Property tax on all guesthouses is as follows:

The tariff applied to the total valuation: R0,01735

Property tax on all spaza shops is as follows:

The tariff applied to the total valuation: R0,01458

Property tax on all public benefit organisation properties is as follows:

The tariff applied to the total valuation: R0.01388

The following exclusions / exemptions / rebates on property rates will be granted:

Exclusion of impermissible rates

In terms of section 17 of the Municipal Property Rates Act, 2004 (Act No. 6 of 2004) a municipality may not levy a rate

- on those parts of a nature reserve, national park or nature reserve within the meaning of the Protected Areas Act
- on the first R15 000.00 of the market value of a property assigned in the valuation or supplementary roll to a category determined by the municipality for Municipality Kannaland Munisipaliteit

P.O. Box 30 Posbus

LADISMITH

6655

Tel: 029 = 551 1023

- (i) improved residential properties and (ii) for properties used for multiple purposes
- on a property registered in the name of and used primarily as a place of public worship, including an official residence which is occupied by an office-bearer.

Rebate in respect of zoning

- Sites zoned for residential purposes and used for residential purposes only and
 of which the total valuation is R70 000.00 or less, will automatically be exempt
 from property rates;
- Regarding sites zoned for improved residential purposes and used for improved residential purposes only and of which the valuation is R70 001.00 or more, no exemption will apply. It will apply in circumstances where an impermissible exclusion will be awarded on the first R15 000.00 of the valuation of the property.

Rebate in respect of pensioners

- A 30% additional rebate will be granted to persons at the age of 60 years and older.
- A ratepayer will be defined as follows: "A registered owner of rateable property who inhabits and controls the property and is responsible for the payment of rates on the property"

Rebate in respect of agricultural and public service infrastructure properties

- A rebate of 75% on rates will be granted in respect of properties which are zoned and used for agricultural purposes.
- A rebate of 75% on rates will be granted in respect of properties which are zoned for public service infrastructure
- No rebate on rates will be granted to businesses operating on agricultural properties.
- The rebate granted to agricultural properties will be equal to seventy five percent (75%) of the rate payable by other rate payers. The differential rate will be calculated as follows:
 - (a) a 5% differential since the municipality does not provide municipal roads
 - a 5% differential since the municipality does not provide sewerage services

Municipality Kannal and Munisipaliteit P.O. Box 30 Posbus LADISMATHP age 6655

iity lemmaland Minnisipaliteit

- (c) a 5% differential since the municipality does not provide electricity services
- (d) a 10% differential since the municipality does not provide water services
- (e) a 10% differential since the municipality does not provide refuse removal services
- (f) a 10% differential since the farm owner supplies 1 to 10 houses to farm workers
- (g) a 20% differential since the farm owner supplies more than 10 houses to farm workers.
- (h) a 10% differential since the owner supplies work opportunities for less than 10 permanent workers.
- a 20% differential since the farm owner supplies work opportunities for more than 10 permanent farm workers.

Please note the following:

- Only one of (f) & (g) can be applicable.
- Only one of (h) & (i) can be applicable.

Rebate for property to social-economic organisations

 A rebate of 80% on rates will be granted to social-economic organisations based on the tariff applicable in the Kannaland area, but only when a tax certificate is provided.

Effective date

The above-mentioned property rates will become payable as from 1 July 2019, i.e. for the municipality's financial year ending on 30 June 2020.

Proposed rates increase to be levied for the 2019/20 financial year

Water tariffs

South Africa faces similar challenges with regard to water supply as it did with electricity, since demand growth outstrips supply. The situation is further influenced by the droughts experienced in the surrounding areas. Consequently, National Treasury is encouraging all municipalities to carefully review the level and structure of their water tariffs to ensure that water tariffs are:

 fully cost-reflective, including the cost of maintenance and renewal of purification plants, water networks and the cost associated with reticulation expansion

structured to protect basic levels of service and ensure the provision of free water to the poorest of the poor (indigent)

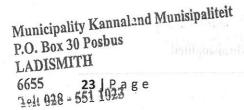

designed to encourage efficient and sustainable consumption.

In addition, National Treasury has urged all municipalities to ensure that water tariff structures are cost reflective.

During the tariff modelling exercise, it was acknowledged that the basic charge for water does not cover the basic cost for the water service and that the structure needs to be changed and remodelled in future budgets.

A tariff increase of 5.2 % from 1 July 2019 for water is proposed. In addition, 6kl water per 30-day period will be granted free of charge to indigent households. The tariff structure is designed to charge higher levels of consumption at a higher rate per kilolitre with certain consumers paying an average fixed rate for water. These consumers include:

- industries
- large businesses and B&Bs
- social and services institutions
- old age home and frail care centres
- · churches, schools, hostels and clubs
- stand pipe consumers

A summary of the proposed tariffs for households (residential) and non-residential in Kannaland are as follows:

Table 5 - Proposed water tariffs

| CATEGORY | CURRENT TARIFF (2017/2018) | PROPOSED TARIFF (2018/2019) | Proposed % increase to be levied from 1 July 2020. |
|--------------------------------------|----------------------------------|-----------------------------------|---|
| <u> </u> | Rand per kl | Rand per kl | |
| Residential | | | |
| (i) 0 to 6 kl per 30 -day period | 4.72 | 5.00 | 5.2% |
| (ii) 7 to 15 kl per 30 -day period | 5.39 | 5.71 | 5.2% |
| (iii) 16 to 20 kl per 30 -day period | 8.49 | 9.00 | 5.2% |
| (iv) 21 to 30 kl per 30 -day period | 10.11 | 10.71 | 5.2% |
| (iv) above 30 kl per 30 -day period | 11.86 | 12.57 | 5.2% |
| | | -1 1 10-2 10 10 | 4 |
| Industries | 10.11 | 10.71 | 5.2% |
| Large business and guesthouses | 8.76 | 9.28 | 5.2% |
| Social and services institutions | 7.01 | 7.43 | 5.2% |
| Old age home and frail care centres | 7.01 | 7.43 | 5.2% |
| Churches, schools, hostels and clubs | 7.01 | 7.43 | 5.2% |
| Stand pipe consumers | 7.01 | 100.00 | 5.2% |

Electricity tariffs

It is foreseen that the municipal electrical tariff will increase above 7 % but will however be in line with the prescribed NERSA tariffs. The medium bulk "time of use" tariff does indicate a very low profit margin and will need to be revisited. The municipality applies a seasonal tariff to the electricity usage thus an increased tariff is applied for the winter periods.

The following table shows the impact of the proposed increases in electricity tariffs on the domestic customers:

Municipality Kannal and Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 Tel: 028 = \$\$1 1023

Comparison between current electricity charges and increases domestic – Single phase consumer: one part pre-paid (VAT exclusive)

Tariffs will apparently increase by more than 7% pending final approval by NERSA before the adoption of the 2019/20 Budget.

Municipality Kannaland Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 'lel: 028 = 551 1023

Sanitation tariffs

A tariff increase of 5.2 % for sanitation from 1 July 2019 is proposed.

The following table compares the current and proposed tariffs:

Comparison between current sanitation charges and increases

| Description | CURRENT TARIFF 2017/2018 Rand per month | PROPOSED TARIFF 2018/19 Rand per month | Proposed % increase to be levied from 1 July 2019. |
|------------------------------|---|--|--|
| Residential unit p/a | 173.09 | 183.48 | 5.2% |
| Residential old age unit p/a | 125.68 | 133.22 | 5.2% |

Waste removal tariff

A 5.2 % increase in the waste removal tariff is proposed from 1 July 2019.

Comparison between current waste fees and increases for a single dwelling-house

| Description | CURRENT TARIFF 2017/2018 | PROPOSED TARIFF 2018/19 | DIFFERENCE R | Proposed % increase to be levied from 1 July 2019. |
|--------------------------------------|--------------------------------|-------------------------------|-----------------|---|
| Small businesses | 222.80 | 236.16 | 13.36 | 5.2% |
| Businesses | 222.80 | 236.16 | 13.36 | 5.2% |
| Hotels B&B's and self- catering | 224.89 | 238.39 | 13.50 | 5.2% |
| Old age homes and frail care centres | 179.92 | 190.71 | 10.79 | 5.2% |

Indigent household rebates (subject to NERSA 2019/20 tariff approval).

| Description | 2017/18 R | 2018/2019 R |
|---------------------------------|--------------|----------------|
| Electricity (50 units) - Summer | 65.70 | 70.20 |
| Electricity (50 units) - Winter | 78.00 | 83.34 |
| Water (basic charge) | 79.02 | 83.76 |
| Sanitation (basic charge) | 173.09 | 183.48 |
| Refuse (basic charge) | 179.92 | 190.71 |
| Total | 575.73 | 611.49 |

Overall impact of tariff increases on households

The following table shows the overall expected impact of tariff increases on a large and small household, as well as an indigent household receiving free basic services.

It needs to be noted that the majority of indigent households in Kannaland are situated in the affordable house areas. The valuation of these houses is below R70 000 and due to rebates do not pay property rates.

Indigent households receive a discount on their services equal to the basic charge for water plus 6kl water free, 50kwh electricity units, the monthly levy for refuse and sanitation.

CREDIT CONTROL AND DEBT COLLECTION

Credit control has been outsourced with great success, but even if most effective, it will not meet the industry benchmark set at 93%. The population of Kannaland Municipality can be regarded as impoverished and unemployment is at an all-time high due to the impact of the drought. The economy is very much industry- (winery and dairy) and agriculture-dependent that is seasonal in nature. The budget assumptions with regard to debt impairment are as follow:

| La | 2019/20 R | 2020/21 R | 2021/22 R |
|---|---------------|---------------|---------------|
| Provision for bad debts and doubtful debts - service debt | 12,619,890.00 | 13,124,680.00 | 13,649,660.00 |
| Assumed collection rate | 81.5% | 82.5% | 83% |
| Provision for bad and doubtful debts – fines | 4,083,320.00 | 4,199,850.00 | 4,367,840.00 |

1.9 OPERATING EXPENDITURE FRAMEWORK

The expenditure framework for the 2018/19 budget and MTREF is informed by the guidelines of National Treasury.

Reasons for significant cost variances:

- Debt impairment The calculation is based on the payment ratios and also the current economic climate in Kannaland and the implementation of GRAP 1 Presentation of Financial Statements.
- Bulk purchases for electricity will probably increase significantly as a result of increase in Electricity prices for 2019/20 financial year – The increase is based on the tariff for bulk purchases as set out by NERSA and
- The SALGA negotiated wage increase above 4% provision will also contributes to a smaller surplus.

In expenditure debt impairment will be the offset of revenue to ensure that that there are only budgeted for realistically realisable revenue. An amount of R 16 658 210 was budgeted to increase the provision.

| Loss on disposal of PPE | | 7 | - 7 | - 7 | - 7 | - 7 | - 7 | - 7 | 0.50 m = 0 T | - 7 | 000 (2) 1- Y | |
| Total Expenditure | | | - | - | - | 143 206 | 172 322 | 172 322 | 58 564 | 150 885 | 156 706 | 163 32 |

The operating expenditure has decreased from R186 767 780 in 2018/19 to R165 119 865 in 2019/20. The decrease can be attributed to decreases on several expenditure components.

Employee related costs increased from R55 627 069 (35% of operating expenditure) to R57 991 266 (38% of operating expenditure). Provision has been made for a 4% salary increase which is below the average annual increases for the past five years. The municipality is however in the process to scale down its staff structure to be more realistic and cost effective.

The cost associated with the remuneration of Councillors is determined and informed directly by way of the Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998). The determined upper limits of salaries, allowances and benefits of members of Council are gazetted annually in December/January. The latest gazette was published in December 2017 by the Department of Cooperative Governance.

The total cost to company cost for councillors amounted to R3 185 000.

Provision has been made for a 4% increase which will probably be increase during the Adjustment Budget process. Cognisance should be taken that some information is missing as a result of system error which needed to be sorted out before final approval of the budget.

1.10 CAPITAL BUDGET

The capital budget increased from R24 569 200(2018/19) to R 51 658 450 in 2019/20.

The budget committee went through several stages of prioritising the capital budget to contain the budget within the available funding.

This capital budget has been compiled with due consideration to the direct impact that it would have on the operating budget and our cash position where projects are to be funded solely from internal sources and not external borrowings.

With the current financial constraints that exist on budget it was decided to not obtain external funding for capital projects.

The capital budget reflects the following budget allocation to the various departments and reflects the strategic priorities outlined in the IDP. (A5)

The demand for future capital expenditure cannot be completely reliable on grant funding but will have to be expanded. All capital expenditure has been funded in recent years by conditional grants that have the objective to eradicate backlogs in service delivery as a result of the inequalities of our past. The problem arising from this is that the infrastructure that is responsible for economic activity is not only outdated but has not been properly maintained for decades. The economic life of the before-mentioned infrastructure is coming to an end with no strategy or provision in place to address the inevitable situation where general reactive maintenance and repairs will just not suffice. Therefore, is it of the utmost importance that a CRR (capital replacement reserve) be established in the near future to ensure not only a sustainable municipality but a self-sustainable local economy that would contribute to job creation and the eradication of poverty. Industry norm and good practice would be to contribute two per cent of the net carrying value of immovable assets to the CRR and to aim in achieving this objective should be a priority as the liquidity position of Kannaland Municipality improves.

2. PART 2 - SUPPORTING DOCUMENTATION

2.1 BUDGET PREPERATION PROCESS

Overview

A central element of the reforms is a change to the way that municipalities prepare their budgets.

The MFMA requires a council to adopt three-year capital and operating budgets that take into account, and are linked to, the municipality's current and future development priorities (as contained in the IDP) and other finance-related policies (such as those relating to free basic service provision).

These budgets must clearly set out revenue by source and expenditure by vote over three years and must be accompanied by performance objectives for revenue and expenditure, a cash flow statement and particulars on borrowing, investments, municipal entities and service delivery agreements, grant allocations and details of employment costs.

The budget may be funded only from realistic estimates of revenue and cash-backed surplus funds from the previous year and borrowings (the latter for capital items only).

Budget preparation timetable

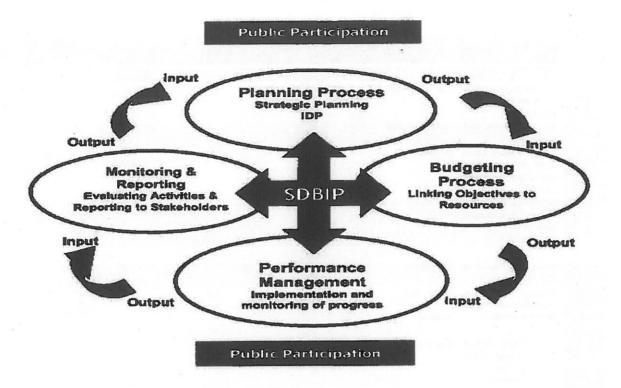

The first step in the budget preparation process is to develop a timetable of all key deadlines relating to the budget and to review the municipality's IDP and budget-related policies.

The budget preparation timetable should be prepared by senior management and tabled by the mayor for council adoption ten months before the commencement of the next budget year.

The next diagram depicts the planning, implementation and monitoring process that is followed:

43 | Page

Municipality Kannal and Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 4-1: 028 = 551 1923

In terms of section 21 of the MFMA, the mayor is required to table in council ten months before the start of the new financial year a time schedule of key deadlines that sets out the process to revise the IDP and prepare the budget.

Key Deadlines relating to the budget process

| 687 | Strategic Planning Session to conduct a mid-term review | Executive mayor | | | | | | 14 | | | | |

Tabling of the budget

The final budget will probably be tabled by the mayor on 26 April 2019.

Once tabled at council, the municipal manager must make public the appropriate budget documentation and submit it to both the national and the relevant provincial treasury and any other government departments as required. At this time, the local community must be invited to submit representations on what is contained in the budget.

45 | Page
Municipality Kannaland Munisipaliteit
P.O. Box 30 Posbus
LADISMITH
6655
1eli 028 = 551 1023

Consultation with the community and key stakeholders

When the budget is tabled, council must have considered the views of the local community, the national and the relevant provincial treasury and other municipalities and government departments that may have made submissions on the budget.

The consultation with national and provincial Treasuries regarding the MTREF is attached as an annexure to this document.

An extensive public participation process will be conducted as part of the IDP and budget road shows. The overall objective of this road show is to ensure an authentic and inclusive public participation process for the IDP and budget.

A notice will be placed in the local newspaper in, whereby the public was invited to submit written comments.

The public participation meetings (road shows) will be held during April 2019, within the respective wards of Kannaland. The planned road shows will be driven by a steering committee constituted by politicians and officials from all directorates. This committee will provide guidance and feedback on areas that required improvement as the IDP and budget road shows unfolded.

A complete report regarding the feedback on the public participation process will be included in the IDP document.

'lel: 028 = 551 1023

2.2 SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN

The municipal manager must within fourteen days after the approval of the annual budget submit to the mayor for approval a service delivery and budget implementation plan and annual performance agreements for all pertinent senior staff.

A service delivery and budget implementation plan is a detailed plan for implementing the delivery of municipal services contemplated in the annual budget and should indicate monthly revenue and expenditure projections and quarterly service delivery targets and performance indicators.

The mayor must approve the service delivery and budget implementation plan within 28 days of the approval of the annual budget.

This plan must then be monitored by the mayor and reported on to council on a regular basis. The municipal manager is responsible for implementation of the budget and must take steps to ensure that all spending is in accordance with the budget and that revenue and expenditure are properly monitored.

Generally, councils may incur expenditure only if it is in terms of the budget, within the limits of the amounts appropriated against each budget vote – and in the case of capital expenditure, only if council has approved the project. Expenditure incurred outside of these parameters may be considered to be unauthorised or, in some cases, irregular or fruitless and wasteful. Unauthorised expenditure must be reported and may result in criminal proceedings.

2.3 ALIGNMENT OF BUDGET TO IDP

Local priorities were identified as part of the IDP process which is directly aligned to that of national and provincial priorities.

The IDP strategic objectives and goals are set out in the IDP document.

Kannaland is the place of choice and this along with the strategic vision and mission has led to the conceptualisation of five strategic goals for Kannaland. These goals are as follows:

47 | Pracipality Kannaland Munisipaliteit

P.O. Box 30 Posbus LADISMITH 6655 Tel: 028 - 551 1023

| Strategic objective | Key performance area |
|--|--|
| To provide access to reliable infrastructure that will contribute to a higher quality of life for Kannaland citizens | Infrastructure |
| To provide adequate services and improve our public relations | Services and public relations |
| To strive towards a safe community in Kannaland through the proactive management of traffic, environmental health, fire and disaster risks | Safe community environment |
| To facilitate economic growth and social and community development | Economic growth and development |
| To promote efficient and effective governance with high levels of stakeholder participation. | Governance and stakeholder participation |
| To provide an efficient workforce by aligning our institutional arrangements to our overall strategy | Institutional transformation |
| To strive towards a financially sustainable municipality | Financial sustainability |

The above strategic goals are set to become the catalysts to ensure that the vision and mission is achieved in the next five years.

The 2019/20 MTREF has, therefore, been directly informed by the IDP and the following tables provide reconciliation between the IDP strategic objectives and goals.

Please find attached:

- Table 27 SA4: Reconciliation between IDP strategic objectives and budgeted operating revenue
- Table 28 SA5: Reconciliation between IDP strategic objectives and budgeted operating expenditure
- Table 29 SA6: Reconciliation between IDP strategic objectives and budgeted capital expenditure

Abovementioned documents will be adjusted accordingly to rectify deviations and missing information, prior to the approval of the final budget.

48 | Page

Municipality Kannal and Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 Tel: 028 = 551 1023

2.4 MEASURABLE PERFORMANCE OBJECTIVES (MPOS) AND INDICATORS

The MPOs included in the table below are only those that are linked to basic service delivery. See Annexure SA7: Measurable performance objectives

The key financial indicators and ratios are expressed in the table attached:

See Annexure SA8: Financial indicators and benchmarks

2.5 OVERVIEW OF BUDGET RELATED POLICIES

The municipality's budgeting process is guided and governed by relevant legislation, frameworks, strategies and related policies.

Section 17(3)(e) of the Municipal Finance Management Act, (Act No 56 of 2003) prescribes that the municipality must review the budget related policies annually. Herewith follows suggested changes to council's budget related policies:

The budget committee considered amendments to various policies and the following budget-related policies were reviewed:

- 1. Customer care, credit control and debt collection
- 2. Property rates
- 3. Tariff
- 4. Unauthorized, irregular and fruitless and wasteful expenditure
- 5. Indigent
- 6. Virement
- 7. Cash management and investment
- 8. Supply chain management
- 9. PPPFA
- 10. Asset management
- 11. Funding borrowing and reserve
- 12. Liquidity
- 13. Budget implementation and monitoring
- 14. Bad debt write-off
- 15. Fleet management
- 16. Grants-in-aid
- 17. Travel and subsistence
- 18. Risk management
- 19. Capital contributions for new developments

49 | Page

Municipality Kannaland Munisipaliteit P.O. Box 30 Posbus

LADISMITH

6655

Tel: 028 - 551 1023

- 20. Water losses
- 21. Electricity losses
- 22. Public participation

The following by-laws need to be advertised after council approval:

- Revenue by-laws
- Property rates by-laws

The budget committee has indicated that the finalization of the policy changes will be finalised after the budget consultation process is completed. The policies are contained in the budget document and place on municipal website for public comment.

The following financial policies need to be reviewed in future:

- Infrastructure Investment and capital projects including planning and approval of capital projects policy on developer contributions – this is included in the tariff policy.
- Unforeseen and unavoidable expenditure
- Policy dealing with management and oversight

Budget-related policies are attached as annexures to this document.

Review of current policies

Except for the policies mentioned below, the budget-related policies have been reviewed and no material changes have been made.

Virement policy

National Treasury must inform us as to the MSCoA changes.

Liquidity policy

A new policy is necessary for the long-term financial plan.

2.6 BUDGET ASSUMPTIONS

Budgets are prepared in an environment of uncertainty. To prepare meaningful budgets, assumptions need to be made about internal and external factors that could influence the budget. Documentation of the assumptions used in preparing the budget assists understanding of the information. This section provides a comprehensive summary of all the assumptions used in preparing the budget.

2.6.1 - National Treasury MFMA Circular Nos. 89 and 91

These circulars were issued in December 2017 and March 2018, respectively, and they provide guidance to municipalities for the preparation of the 2019/20 budget and MTREF.

2.6.2 - Inflation outlook

In MFMA Circular No. 91, inflation forecasts are estimated at 5.3%, 5.2% and 5.5%, respectively for the years 2019 to 2021.

2.6.3 - Rates, tariffs, charges and timing of revenue collection

The increases of tariffs and rates excluding Electricity tariffs will be within the norm set by National Treasury and the South African Reserve Bank's inflation target, the model indicated that this was not possible. In order to have a funded budget the following tariff increases are recommended for the 2019/2020 financial year:

51 | Page

Municipality Kannaland Munisipaliteit
P.O. Box 30 Posbus
LADISMITH
6655
Tel: 028 - 551 1023

| , | Final Budget 2018/19 | Budget 2019/20 | Budget 2020/21 |
|-----------------|----------------------------|-------------------|----------------|
| Rates | 6% | 5.2% | 6% |
| Tariffs: | 6% | 5.2% | 6% |
| • Water | 6% | 5.2% | 6% |
| • Sewerage | 6% | 5.2% | 6% |
| • Electricity | 6.84% | +7%* | 6% |
| Cleansing | 6% | 5.2% | 6% |
| General charges | 6% | 5.2% | 6% |

^{*}The Electricity tariffs is subject to approval by NERSA before the approval of the final budget.

The final reviewed cash flow statement will shows when rates and tariffs are expected to be collected over the financial year. In general terms, the timing of rates, tariffs and charges are based on the following:

| Rates | Monthly billing. Interim billing throughout the year. |
|---------|---|
| Tariffs | Monthly billing. On-going prepayment meters. Seasonal fluctuations. |
| Charges | Generally steady state throughout the financial year with seasonal fluctuations |

2.6.4 - Collection rates for each revenue source and customer type

The following bad debt provisions and collection rates are assumed in the MTREF for rates and tariffs.

| * rankanama | 2019/20 R | 2020/21 R | 2021/22 R |
|---|---------------|---------------|---------------|
| Provision for bad debts and doubtful debts - service debt | 12,619,890.00 | 13,124,680.00 | 13,649,660.00 |
| Assumed collection rate | 81.5% | 82.5% | 83% |
| Provision for bad and doubtful debts – fines | 4,083,320.00 | 4,199,850.00 | 4,367,840.00 |

52 | Page

Municipality Kannaland Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 Tel: 020 = 461 1022

2.6.5 - Price movements on specifics e.g. bulk purchases

The following amounts are included in the MTREF for increases in bulk purchases;

| R | R | R |
|----|----------------|---------------|
| 6% | *6% | 6% |
| | R 6% | R R 6% *6% |

An extra-ordinary price increase is foreseen.

2.6.6 - Average salary increases

The MTREF includes the following average percentage increases for wages, salaries and for councillors' remuneration;

| Description | 2018/2019 R | Proposed increases 2019/2020 R | 2020/2021 R |
|-------------------------------------|----------------|--------------------------------------|----------------|
| | 5.5 % | 4% | 5.5 % |
| Councillors | 5.5% | 4% | 5.5% |
| Section 57 employees | 5.9% | 4% | 5.9% |
| Salaried employees Casual employees | 5,9% | 4% | 5,9% |

2.6.7 - Industrial relations climate, reorganisation and capacity building

The ability of the municipality to deliver quality services is virtually entirely dependent on its staff. Failure by the municipality to invest in its staff to ensure that the capacity and skills exist to meet the challenges being faced by Kannaland will ultimately mean a failure to deliver services. Currently, the municipality face financial constraints which do not make it possible for all employees to receive the required training. As result, the municipality has developed a training plan to prioritise critical training. The municipality is also facing capacity constraints which cannot be merely rectified through training.

54 | Page

Municipality Kannaland Munisipaliteit
P.O. Box 30 Posbus
LADISMITH
6655
121: 028 = 551 1023

The Municipality has made the following amounts available for training over the MTREF period.

| Description | 2018/19 | 2019/20 | 2020/21 |
|-----------------|----------|---------|---------|
| | R | R | R |
| Training budget | R760 000 | R 0 | R0 |

The Budget for training will have to be revised and included in the final budget for 2019/20. Grant funding allocated for training will also be brought into consideration.

Thus will result in a reduction of the operating surplus.

2.6.8 - Trends in demand for free or subsidised basic services

Kannaland criteria for supporting free or subsidised basic services are set out in the indigent policy. The government allocates revenue via the equitable share grant with the primary aim of assisting municipalities with the costs of providing free or subsidised basic services. Any costs over and above the equitable share allocation must be paid by the consumer.

| | Cost of Free Basic Services | 2019/20 | 2020/21 | 2021/2022 |
|-------------|-------------------------------------|------------|------------|------------|
| Refuse | Revenue Cost fo free Basic Services | 4 040 000 | 4 242 000 | 4 454 100 |
| Electricity | Revenue Cost fo free Basic Services | 2 171 500 | 2 439 150 | 2 561 110 |
| Water | Revenue Cost fo free Basic Services | 2 323 000 | 2 439 150 | 2 561 110 |
| Sewerage | Revenue Cost fo free Basic Services | 3 120 000 | 3 244 800 | 3 374 590 |
| - | | 11 654 500 | 12 365 100 | 12 950 910 |

2.6.9 - Capital budget

The municipality provided grant funded projects as gazetted in the Division of Revenue Act, for the 2019/2020 annual budget.

55 | Page

Municipality Kannal and Munisipaliteit P.O. Box 30 Posbus LADISMITH 6655 Tel: 028 = 861 1022

External funding will not be used to finance capital projects.

2.6.10 - Implications of restructuring and other major events in the future

The municipality is currently in the process of implementing changes to the micro structure. These changes are being done internally with the existing staff component. These changes will be implemented to streamline service delivery and to affect savings.

2.6.11 - Budgeting for contingency plans for prolonged power outages

This municipality is in the process of implementing contingency plans to address Eskom power outages such as the procurement of generators. Due to financial constraints the municipality would only be able to realise these goals in the adjustment budget.

However, it has been established that the government is collectively working with Eskom to mitigate the impact of power cuts. These efforts will improve the availability of electricity over the medium term, and plans are under way to ensure that South Africa can generate sufficient energy to power its economy over the long term. The government consistently encourages a reduction in energy consumption and promotion of energy efficiency.

Consequently, the response from government is to address the immediate challenge and it would therefore be premature for municipalities to invest in contingency infrastructure with the expectation of funding.

2.6.12 - Service level standards

MFMA Circular No. 72 indicated that all municipalities must formulate service level standards which must form part of the 2019/20 tabled MTREF budget documentation.

A broad guideline was provided on the minimum service standards to be incorporated in the budget documentation. In addition to the guideline, a framework was developed as an outline to assist municipalities in finalising their service level standards. The municipality is in the process to upgrade its fire services. A basic charge of R12 per month will be implemented as from 1 July 2019. The aforementioned will increase the property rates tariff slightly.

It is accepted that it is not possible to have the same service level standards across all municipalities. Therefore, the outline must be used as a guideline and be amended accordingly to align to the municipality's specific circumstances.

56 | Page

Municipality Kannal and Munisipaliteit P.O. Box 30 Posbus

LADISMITH 6655

101: 029 = 551 1023

The service level standards will be tabled before council for formal adoption with the final budget and is attached as an annexure to this document.

2.7 MUNICIPAL MANAGER'S QUALITY CERTIFICATE

I, Reynolds Stevens, the municipal manager of Kannaland Municipality hereby certify that the annual budget and supporting documentation for the 2019/2020 financial year, have been prepared in accordance with the Municipal Finance Management Act and regulations made under the act, and that the annual budget and supporting documentation are consistent with the integrated development plan.
