Prepaid electricity

1. How to buy electricity on the web

Once logged in, select the "Buy Online" menu option under Pre-paid electricity on the left hand side of the page.

Select the meter/s that you would like to purchase for.

Enter the amount that you would like to purchase for.

As a default the token will be emailed to your registered email address and if you have specified a cell phone number it will also be sms'd to you.

You can then select either the "Pay Now" or "Add to basket" button.

The pay now function can be used when you are only purchasing from one service. The "Add to basket" feature can be used when you would like to use more than one service in a single transaction.
